

BEEF PROMISES TO SOAR HIGHER

Expected Prices Will Be Steeper This Week Than Ever Before.

PLANS OF PACKERS

Send Out Invitations to Cattle Raisers Not to Ship Any More Stock.

RAILWAYS PLAY PART

Chicago, Ill., May 3.—Market higher in prices than any known in the history of the packing house products is expected next week by the retailers and jobbers. This they say, will be the result of instructions to cattle raisers not to ship cattle to Chicago and the unwillingness of the latter to accept a reduction in prices of from fifteen to thirty cents. Members of the alleged beef trust have practically boycotted the buying of stock at the stock yards. Few cattle shipped here are allowed to remain in the pens unsold, notwithstanding a previous statement of the packers that they could not get killers and are offered higher prices because of the scarcity.

Railroads Play Big Part
The connection of the railroads with the alleged beef trust is expected to play a more important part in the evidence in the case than was anticipated.

The rebate feature is expected to be laid bare in all its details. Also the charge that the packers having car lines of their own have been allowed to transport their rolling stock when empty, free of charge.

The prosecution will attempt to show that the concessions to the packers were made only to the "Big Six" firms, and denied to all others.

Told to Withhold Cattle
Commission men said during the day that warning had been sent to all the cattlemen in the middle west that further large shipments are inadvisable at present. The leading houses in the stock-yards fear a heavy break any day should the shipments prove much beyond the demand.

Government's Strong Point
Men in the meat trade are inclined to think the government can win its suit should it be able to show that the railroads are in collusion with the packers. It was stated by an outside authority that all of the big companies secure a rebate from Missouri river points to Chicago of five and one half cents a hundred and five cents a hundred from the Pacific coast.

TRAVELING MEN MEET IN RACINE

State Association Makes Important Gains During the Year—Social Events Planned.

Racine, Wis., May 3.—Two hundred members of Wisconsin Division, Travelers' protective association, are holding their annual convention in this city. The election of State officers will take place today, when the convention will select delegates to the national convention to be held in June at Portland, Oregon.

The report of H. C. F. Schroeder, State Secretary and Treasurer, shows the flourishing condition of the division. A year ago the membership was 741. During the year 169 new members joined, and there was a loss of 57, making a total of 853.

The receipts of the year, including the cash on hand a year ago, were \$10,053. Of this \$7,501 was paid to the national treasurer and \$894 to the state posts, leaving on hand \$287 and \$808 in the reserve fund.

Last night the visitors attended a banquet at the Hotel Racine. S. P. Jones, of Louisville, Ky., president of the national association, was present and delivered an address.

TRUST CONTROLS EGG MARKET

Small Dealers Charge Beef Combine with Having a Monopoly.

Kansas City, Mo., May 3.—The big packing-houses have made such inroads into the business of packing and shipping eggs, and poultry for consumption in eastern markets, that the business of the small shippers in this part of the west is threatened with destruction, according to members of the Produce Dealers' Association of Kansas and Oklahoma, which met here to consider the situation. John Stewart of Concordia, Kan., president of the association, said:

"The packers are so firmly entrenched that I do not believe we can do much to oppose them. I do not know whether the recent operations of the big dealers could be called a corner or not. However, I do know that four big firms have stored 144,000,000 eggs, or 400,000 cases. At this time last year more than 1,000,000,000 eggs, or 3,000,000 cases, were in cold storage. There will be fewer eggs stored this year, because the prices are higher."

Photographer Douglas took a picture of a large blast that was let off at the city quarry yesterday. If it is perfect it will be used in the fireman's souvenir.

TORNADO SWEEPS OVER SOUTH DAKOTA

Great Damage Done to Farmhouses and Stock, One House Being Totally Wrecked by the Storm.

Omaha, Neb., May 3.—A special from Beresford, S. D., says a tornado swept over the country to the north of that town, doing a great deal of damage to farmhouses and stock. Victor Anderson lived directly in the path of the storm. His house, and barn were totally wrecked. Mr. and Mrs. Anderson and three children were badly injured. Much hail accompanied the storm.

At Centerville, ten miles west, a terrific wind and hail storm raged for three hours. The public school building was completely wrecked and almost every house there suffered from broken glass and detached roofs and shingles. After damaging the country to the north of Beresford the storm swept off in the direction of Lennox, ten miles to the north.

All telegraph and telephone wires are down at the latter place, and rumors among the railroad offices say the town was badly damaged by the winds.

EXPECT A LIVELY TIME IN CONGRESS

Admission to Statehood of New Mexico, Arizona and Oklahoma Will Come Up Next Week.

Washington, May 3.—Next week will be a busy week in the House if the program mapped out by leaders is carried out. One of the first measures to be considered is the bill admitting New Mexico, Oklahoma and Arizona to statehood. There is much opposition to the bill from the republican side, because of the fear that two of these territories, if admitted to statehood, will send democrats to the senate. It is expected the bill will pass the house, but the senate is expected to hold it up quietly but effectively.

Another important measure to come up is one providing for the coining of subsidiary coin from bullion set apart for the coining of silver themselves. The democrats declare that under this bill the coining of silver dollars will cease absolutely and promise to make a fight against it for that reason.

POSSE CAPTURES BURGLARS

Pitched Battle Between Postoffice Robbers and Michigan Farmers.

Paw Paw, Mich., May 3.—Thieves entered A. C. Duncombe's country store and postoffice at Keeler, this county, and blew open the safe. They secured \$300 worth of postage stamps and considerable currency, besides a number of bonds, mortgages, and other papers. A large posse started in pursuit of the thieves. Near Watervliet the pursuers overtook the two burglars and a pitched battle ensued. Both the burglars were wounded, one seriously.

The two men were captured after a running fight of nearly two miles through fields and woods. They were armed with five revolvers, which they continued to load and fire, but fortunately without damage. The sum of \$450 in cash and postage stamps was recovered.

Coming to Rockhambeau Unveiling.

Paris, May 3.—The battleship Gaulois, which is to leave Toulon Monday next, having on board the French mission, bound for Washington to attend the unveiling of the Rochambeau monument, May 24, will go first to Annapolis, where she is due to arrive about May 21. She will remain four days at New York. From there the Gaulois will go to Boston.

Rain in Red River Valley.

Minneapolis, Minn., May 3.—Continued rain in the Red River valley will result in decreased acreage in that territory. There will be more coarse grains sown there than usual. Southern Minnesota, North Dakota west of the Red river, and South Dakota are feeling the good effect of the rains and the warm weather that has followed.

Rebuilding Russian Fortresses.

Vienna, May 3.—A telegram from Warsaw announces that the Russian government has decided to rebuild the fortifications on the German and Austrian frontiers at a cost of 420,000,000 roubles. This action is necessary as the result of Col. Grimm's betrayal of the plan of the existing Russian fortresses.

Germany Iron Trust.

Berlin, May 3.—The invasion of American steel and iron products has caused such alarm that German cast iron works and foundries are preparing to form an iron trust to defend the home industry. Negotiations now under way disclose that an agreement has been signed by all the large iron concerns.

Captures Both's Nephew.

Pretoria, May 3.—Colonel Barker reports that on April 30 he captured Commandant Manie Botha, his adjutant, and eleven others near Frankfort, Orange River colony. This is regarded as important, as Manie Botha is a nephew of the commandant general and is General De Wet's ablest lieutenant.

Louis F. Knipp is able to be out after a week's illness.

COLOR QUESTION WILL NOT DOWN

May Result in a Split Between North and the South.

ASK A COMPROMISE

Wisconsin Delegation Meet to Pass Resolutions of Sympathy for Mrs. Morris.

VIEW FLOWER PARADE

Los Angeles, Cal., May 3.—The color question, which is disturbing the General Federation of Women's Clubs, will not down. The fight is on, and until it is settled one way or another there will be no peace in the federation. Besides, if it is decided one way it will mean that the South will secede and many Northern clubs will withdraw.

The second day of the biennial was spent in caucusing on the color question. Every state held a caucus. The effort today was directed towards compromise.

A new scheme of reorganization was presented to each state. It is simple. It declares that the general Federation shall apply to only such rules of admission as those applied by the State federation. It means State rights and the admission of negro women to the General Federation in case they are chosen as delegates by their clubs or come representing some club of negro women.

Seven states have pledged support to this compromise. The Illinois Federation held a caucus late today. Neither faction desired to push the issue of color, and the motion to adopt the compromise was tabled. The leaders believing it wise not to act until every phrase of the question is considered.

Wisconsin Delegation Meets

The Wisconsin delegation of forty-five held its first meeting today at the Elbell clubhouse. Mrs. H. M. Youman was chosen a member of the nominating committee, and is instructed. It was decided not to present any candidate but Mrs. Noyes, who will probably be re-elected. A resolution of sympathy for Mrs. C. S. Morris, absent on account of family bereavement, was passed. The delegation has seats in the front row of the convention hall and is said to be the most harmonious in the whole body.

Delegates View Flower Parade

Yesterday afternoon was the day of the flower parade, the greatest day of the year in Los Angeles, and this year greater than ever, because half a dozen conventions were in progress. The official tribune on Broadway was loaded with delegates. For nearly two hours, floats, carriages, automobiles, fire engines, and wagons loaded down with flowers of every description and color, filed past between them galloped horsemen, Rough Riders, cowboys, Spaniards, cavalry troops, and mounted citizens, the horse and riders decked with roses, poppies, orange blossoms, and every description of California flowers.

BELOIT RECEPTION TO OSCAR MAURER

Successful Orator in the Inter-State Collegiate Contest Honored by Enthusiastic Students.

Beloit, Wis., May 3.—Oscar Maurer and the Beloit delegation arrived in the city from St. Paul at ten o'clock last evening and in spite of the announcement that the demonstration would be postponed the student body turned out unanimously and gave the victor a fine reception. Mr. Maurer, with Acting President Collic and Professor Rowell, instructor in oratory, were escorted to a carriage from which the horses had been removed and was drawn through the town by a great column of students. Fireworks were burned and the cheering was incessant.

A great bonfire greeted the party on its arrival at the college campus and while it burned there were speeches by the victor, nearly every member of the faculty and several students. Dean Collic said the victory was one of the greatest achievements in the history of the Interstate contest. Mr. Maurer said the victory should be considered a triumph for oratory in Beloit rather than a personal victory.

Professor E. C. Smith praised Prof. Rowell's influence in oratorical matters, as well as congratulated Mr. Maurer and said the victory showed that Beloit was superior in intellectual as well as athletic matters. Professor Rowell said the victory was won on its merits and that Mr. Maurer was a truly great orator.

Mrs. Soffel to Be Tried.

Pittsburg, Pa., May 3.—Next week's list for the criminal court is headed by the case against Mrs. Kate Soffel. Three counts are charged against her, two for felonious assault and battery and one for misdemeanor. Mrs. Soffel's health is much improved.

Mr. and Mrs. J. C. Paige and children arrived from Chicago last evening and took possession of their beautiful suburban home for the summer. Their household goods arrived several days ago.

DEATH COMES TO A. J. CUMMINGS

Printer, Editor, Soldier and Congressman Eight Terms.

IN THE CIVIL WAR

Long Terms of Editorial Work on the New York Tribune and Sun.

BAGAN A TYPESETTER

New York, May 3.—Amos J. Cummings died shortly after ten o'clock last night at the Church home and inn in Baltimore, where he has been ill for some time from pneumonia following an operation. The congressman's wife and cousin, Charles H. Cummings, were at his bedside when death came.

Mr. Cummings went to Baltimore on April 11 to undergo treatment for kidney trouble. Four days later an operation was performed by Dr. Hugh H. Young, and Mr. Cummings seemed to be on a fair way to recovery. A week later, however, pleurisy developed, and April 25 it was announced that Mr. Cummings was suffering from pneumonia in one lung. Last Tuesday it was announced that the malady had extended to both lungs, after which time the patient hovered between life and death.

Mr. Cummings was born in Conkling, Broome County, New York, May 15, 1841. After receiving a common school education he became a printer's apprentice when he was twelve years old. He set type in nearly every state in the Union. He was a boy with Walker in the last invasion of Nicaragua; was sergeant major in the Twenty-sixth New Jersey Infantry of the army of the Potomac, receiving a congressional medal of honor for gallantry on the battlefield.

He was a delegate to the democratic national conventions in 1892 and 1896, filled editorial positions on the New York Tribune under Horace Greeley and on other papers of that city, having been editor on the Evening Sun when he was elected to congress. He declined a re-nomination preferring to give his entire time to editorial work. He was elected to the fifty-first, fifty-second, fifty-third, fifty-fourth, fifty-fifth, fifty-sixth congresses, and in the last election was chosen to represent the tenth New York district in the fifty-seventh congress.

WISCONSIN BOYS WIN THE GOPHER DEBATE

Minneapolis Men Failed to Prove That the United States Could Fix Railway Rates.

Madison, Wis., May 3.—Joseph Koffend, Jr., H. L. Jones and J. C. McKesson, who represented Wisconsin in the intercollegiate debate at Libbey hall last night, covered themselves with glory by defeating the Minnesota team, consisting of J. B. Lane, R. C. Wodge and J. H. Kane, the decision of the judges—Justice J. E. Dodge of the Wisconsin Supreme court, Thomas D. O'Brien and Judge F. W. Shea of Ashland—being two to one in favor of the negative. In rendering their decision, the judges said that the gophers who had the affirmative had not proven the question. "That the Railroad Rates in the United States Should Be Fixed by Governmental Authority," and therefore the debate must go to the negative.

EPWORTH LEAGUERS ARE IN CONVENTION

Over 400 Delegates Are Attending the La Crosse Meeting of the Young Methodists.

LaCrosse, Wis., May 3.—The tenth annual convention of the Wisconsin State Epworth League was called to order yesterday at the First Methodist church by President Arthur E. Coe of Barron. There are 400 delegates in attendance. The convention opened at 9 o'clock with a communion service led by the Rev. W. M. Martin, presiding elder of the LaCrosse district.

This was followed by the first department conference, after which J. O. Paulson of Sparta read a paper on "Successful Methods for the Mission Study Class." Miss Verne Tower of North Greenfield read a paper on "Way Our Leaguers Should Be on the Christian League Enrollment." "Practical Suggestions for the Mercy and Help Department," by Miss Amy Boyden of Mills Center, was followed by a paper by Miss Lizzie Scherschach of Milwaukee. Miss Florence Benoit of Palestine spoke on "The Shepherd," illustrated by costume. She easily monopolized the attention of the session.

First Vice President C. G. Goodsell of Racine, Second Vice President Mary J. Comstock of Milwaukee and Third Vice President Alice Jerns of Ladoga read their annual reports. The afternoon session was devoted to the appointment of committees and other business. Last evening there was a song service and a paper on "Call to Culture and Character in the New Crusade," by the Rev. S. D. Hutshill, of Minneapolis.

FORTY COAL MINERS CAUGHT BY CAVE-IN

Cloudburst Causes Sixty-five Feet of Shaft to Give Way, Burying the Workmen.

Peoria, Ill., May 3.—For three hours Friday afternoon forty coal miners were imprisoned in the Black Diamond coal mine at Farmington, fifteen miles west of this city. There were scenes of wildest excitement outside the shaft. Most of the miners were men of families, and their wives and children were crowded about the shaft driven frantic with the fear of the loss of their husbands and fathers.

A cloudburst occurred directly over the mine, flooding it because of the peculiar location of the shaft, and causing sixty-five feet of the roof to cave in. Just when all hope was given up, however, and it was believed that the men were drowned, a hand was thrust out through a crevice in the dirt. Those outside sounding through to the men and they were all released at a late hour without the loss of a single life. Several were badly bruised or sustained broken limbs. The mine is owned by the Newman company.

ASKS THE MILITIA TO CELEBRATE

Adj. Gen. Boardman Advises the National Guard of Wisconsin to Observe Memorial Day.

Madison, Wis., May 3.—Adjutant General C. R. Boardman today issued a circular urging members of the Wisconsin National Guard to take an active interest in Memorial day service. The circular is as follows:

"The proper observance of Memorial day, May 30, 1902, should be a matter of interest to the several organizations of the Wisconsin National Guard. Participation as a body in public ceremonies of attendance at public meetings, as recommended wherever practicable and a cheerful compliance with requests to assist in carrying out the exercises arranged for the day is urged.

"The beautiful custom of honoring the memories of those who have been faithful to their country even unto death is fraught with national significance and is one which every soldier in the state should feel in duty bound to perpetuate both by effort and example.

The department headquarters, G. A. R., has just received orders issued by Commander-in-Chief, Eli Torrance of Minneapolis for the observance of Memorial day. The department has also received the commander-in-chief's orders relative to the national encampment to be held in Washington, D. C., next October.

FIRST SHIRTWAIST MAN OF SEASON

He Sits in a Chicago Cafe and Sips Ice Tea, Exciting More Comment Than Admiration.

Chicago, May 3.—A cheroot shirt waist, plaited and adorned with pale blue fleur-de-lis, heralded the arrival of summer at the Auditorium Annex yesterday afternoon. With the temperature at 82 degrees and the humidity at 88 the first shirt waist man of the season appeared in the cafe at the hour of 4, and Paul Gores, wiping perspiration from his forehead, countenanced the act and merely smiled. The New Yorker, who left his coat in his apartments and sought a table close to the big electric fan, ordered summer beverages and strawberry ice-cream. He said that he was comfortable, and his appearance indicated it.

The costless garment, which excited more comment than admiration, was a creation of an Eastern shirt waist artist. A flowing blue tie and a turn-down collar added to the summery effect.

"I found it mighty hot in my room," declared the man, who declined to give his name, "and thought maybe I could cool off down here."

LAKE MILLS CHURCH READY

Congregational Edifice Will Be Dedicated on June 1

Lake Mills, Wis., May 3.—The new Congregational church here is so far advanced that the day of dedication has been decided upon and all preparations for the event will now be made. It will be held on Sunday, June 1. The programme for the dedication is being prepared and an expert organist from Chicago will play the organ that was purchased from the Janesville Congregational church.

RESIGNATION OF ADAMS ACCEPTED

Vacancy for Dairy and Food Commissioner Is Still in as Much Doubt as Ever.

Madison, Wis., May 3.—(Special)—The office of the state dairy and food commissioner is a blank just now. Gov. LaFollette having finally accepted the resignation of "Cully" Adams, who retired to begin his campaign for congress, and no one having yet been appointed to fill the vacancy. There is no verification yet of the report that the place would go to State Chemist A. S. Mitchell, and guessing appears to be just as good today as it was a month ago. It is not thought an appointment will be made until next week.

DEFECT IN THE STEVENS BILL

Clause in Proposed Primary Law Said To Be Unconstitutional.

NO SECRET BALLOT

It Does Not Embrace the Salient Features of the Australian System.

WHITEHEAD'S VIEWS

In the second of the series of letters from State Senator John M. Whitehead, written for The Sentinel, which is printed below, the objection that the Stevens primary election bill deprived voters of their constitutional right to cast a secret ballot is for the first time discussed at length.

For the purposes of his argument, Mr. Whitehead quotes from the Australian statute the section providing for what has since become known as the Australian ballot, and from the Cooper law, which gave to Wisconsin its first ballot, modeled upon the Australian plan. He clearly shows that while the Wisconsin Republican convention demanded that nominations be made by the Australian ballot, the Stevens bill ignored the fundamental principle of secret ballot—secrecy.

Discuss the Issue Calmly

When H. C. Adams the champion of the Stevens bill, issued his challenge to those who were not fully satisfied with the original draft of that measure to come out into the open and fight it squarely, probably did not apprehend that objections of such a sweeping and vital character would be found. When they were pointed out by the opponents of the measure the contest immediately became bitter and much feeling was aroused. Mr. Whitehead now proposes to discuss the issue calmly and openly, and the two letters which have now appeared in these columns are a guarantee that his analysis will be as thorough as a trained lawyer and learned lawyer can make it.

The second letter is as follows:

The Second Letter

Janesville, Wis., May 1, 1902. To the Sentinel: The first thing in the platform declaration to which I referred in my letter of the 30th ult., that attracts the attention of one seeking the truth about this controversy to which I have referred, is the reference to the Australian ballot.

What is meant by the Australian ballot? The answer is found in the "Act of Parliament of South Australia," dated October 21, 1862. I quote as follows:

"Section 7. Whereupon the returning officer shall place a mark against the voter's name on the electoral roll or copy, and hand to such voter a voting paper bearing the initials of the returning officer or deputy returning officer, and containing order according to such surnames, and if there are two candidates of the same surname, then according to the Christian name or names of such candidates; and if there are two candidates of the same Christian and surname, then according to the residence of such candidates, arranged in like order, and every such voting paper shall have printed opposite to the name of such candidate with a number corresponding with the order of nomination inserted in such square, and no other matter or thing shall be inserted in or on such voting paper; and there shall be provided separate apartments or places forming part of the polling booth into which the voter shall immediately retire and there, alone and in private, without interruption, indicate the name of each candidate for whom he intends to vote, by making a cross within the square opposite the name of such candidate, and shall then fold the same paper and immediately deliver it, so folded, to the returning officer, who shall forthwith publicly and without opening the same deposit it in a box to be provided for that purpose."

The proposition that the Australian Ballot has effected a great reform in our general elections merits some further examination. Chapter 248 of the Laws of 1893 (The Cooper Law) contains the first provision for an official ballot, somewhat after the form of the Australian Ballot, known to our statute. Section 17 of that act provides as follows:

"Section 17. Every general ballot which shall be printed in accordance with the provisions of this act, shall contain the names of the party or political designation of all candidates whose nomination for any offices specified in the ballot, have been duly made and not withdrawn in accordance herewith, and shall contain no other names. Except that in the case of electors of president and vice-president of the United States, the names of the candidates for president and vice-president may be added to the party or political designation. The names of candidates for each office shall be arranged under the designation of the office in alphabetical order, according to surnames, except that the names of candidates for the offices of electors of president and vice president shall be arranged in groups, as presented in the several certificates of nomination or nomination papers. There shall be left at the end of the list of candidates for each different office as many

ROUND THE GLOBE FOR FIFTY CENTS

UNIQUE EXCURSION CONDUCTED BY Y. M. C. A. LADIES.

Trip Was Made by Many Janesville People Yesterday Afternoon and Evening—Scenes and Participants and Incidents at the Various Stopping Off Places.

It is not every day that one has an opportunity to take a trip around the world, home transportation furnished and board supplied during the trip, all for the trivial sum of 50 cents, but through the kindness of the Ladies' Auxiliary of the Y. M. C. A. such a trip was possible yesterday. This unique trip was arranged by a committee consisting of Miss Elizabeth Palmer and Mesdames F. T. Richards, George Williams, Robert Clark and J. W. Sale. The trip started from the Y. M. C. A. building where a general station had been fitted up. From this station the United States at the home of Edna Parker, 115 Madison street. The home was attractively decorated with the national colors and the passengers were welcomed by Miss Beth Palmer who represented Martha Washington, John Nicholson, representing Uncle Sam and Senator Whitehead filled the office of the President. Miss Anna Valentine as Hiawatha and Miss Marcia Jackson as Minnehaha, presided in an Indian village, where were shown Indian relics of all kinds. Prof. J. S. Taylor took the part of an Indian chieftain and Ruth Taylor represented a papoose. The dining room was fitted up as an Indian wigwam and an American meal was served. During the evening the Ladies' Union Symphony orchestra furnished some excellent music and was composed of the Misses Katherine Smith, Belle Stoddard, Margaret Barker, Alice Shearer, Agnes Shumway and Eloise Nowlan.

After a pleasant trip through the United States passage was taken to the old world and the first landing was at Hong Kong, the home of Mrs. Marion Leavitt, 208 North Jackson street. All of the rooms were furnished in oriental fashion, making the effect especially charming. To add to the effect perfumed papers gave the air an odor of incense. Many interesting curiosities of the orient pleased the eye and veiled women strongly suggested the harems of the far east. George M. McKee as a Japanese conjurer was the real thing and acted his part in the best possible manner. Sweetmeats, such as are found in the far east, rice curry and tea made the visit to Asia an ideal one.

England and Scotland Were Found at the home of Mrs. Q. O. Sutherland. E. C. Bailey represented the king and Mrs. B. F. Dunwiddie the queen. The national colors of those countries were displayed and refreshments were served.

From England the journey extended to Germany, at the home of Mr. and Mrs. E. D. Childs. Here was one of the most interesting parts of the trip. In the hall were found a band of gypsies and fortune tellers and the crowd was told to move on by Clarence Leers as a policeman. Der Kaiser and Kaiserin were represented by W. G. Palmer and Mrs. H. D. Murdock. Prince Henry and wife were found in the persons of George Crane and Mrs. H. F. Lincoln. After greeting the above personages tourists passed into the kitchen where Fred Koebelin as landlord served rye bread, cheese, kuchen and coffee.

At one of the tables were a number of students represented by Harry Robinson, E. O. Smith and E. H. Winney. An orchestra composed of Harry Haggart and George Bauman furnished some selections and sang several German songs. Miss Frieda Pabst made a very clever German peasant. The Y. M. C. A. band was stationed on the porch and gave several fine selections. The tourists then returned to the home station. While on the way several tourists were met. Frank Howe represented a tourist in full uniform and his daughter

Pretty Children

"We have three children. Before the birth of the last one my wife used four bottles of MOTHER'S FRIEND. If you had the pictures of our children, you could see at a glance that the last one is healthiest, prettiest and finest-looking of them all. My wife thinks Mother's Friend is the greatest and grandest remedy in the world for expectant mothers." Written by a Kentucky Attorney-at-Law.

MOTHER'S FRIEND

prevents nine-tenths of the suffering incident to childbirth. The coming mother's disposition and temper remain unruffled throughout the ordeal, because this relaxing, penetrating liniment relieves the usual distress. A good-natured mother is pretty sure to have a good-natured child. The patient is kept in a strong, healthy condition, which the child also inherits. Mother's Friend takes a wife through the crisis quickly and almost painlessly. It assists in her rapid recovery, and wards off the dangers that so often follow delivery.

THOSE GOOD OLD WAYS.
The automobile flashes by, As jaunty as can be; Old-fashioned ways are good enough.

For Mary Jane and me,
For I can drive with just one hand,
And Mary won't complain;
A horse and wagon fill the bill
For me and Mary Jane.
They're making wireless telegraphs
For use across the sea;
I don't think they'll be much good
To Mary Jane and me.
I'd rather whisper in her ear
While walking down the lane;
Those new inventions are no use
To Mary Jane and me.
Electric lights are being hung
From chandeliers and trees;
They don't all any long felt want
For Mary Jane and me;
For as we strolled in years gone by
We like to stroll again;
The moonlight's plenty good enough
For me and Mary Jane.

RAILWAY PERSONAL NOTES

F. R. Moulton, formerly of Janesville, is making his headquarters at Beeton, Ia., where he is coal inspector for the Northwestern.
Conductor J. J. Dublin, formerly of Janesville, has taken a run over the Sheboygan-Grand Rapids line, and is moving to the latter place.
Fireman Mike Hayes is moving from Janesville to Fond du Lac, his run now being out of that place.
Conductor R. H. Clark, for years running out of Janesville, has moved to Chicago, as his run is now between that city and Baraboo.

Cement Post Company Plant
Contractor J. W. Peters has begun work on the Cement Post Co. plant and a large part of the trenches for the foundation are completed. Chief Engineer D. W. Hayes, visited the site yesterday afternoon and decided that the foundation trenches should be deeper. The Chicago, Milwaukee & St. Paul railroad company will put a force of men at work at once and will run a siding to the plant. H. H. Clough and H. H. Jackson were up from Beloit yesterday and took a number of measurements in order to get the specifications for the crusher.

Flower Seeds for Public Schools
Walter Helms, the seedsman, acting on the suggestions made at the Twilight club on Tuesday night in regard to beautifying the yards and lawns of the city, has presented to each of the school buildings in the city a dozen packages of flower seeds to be used to raise plants to beautify the school grounds. The example set by Mr. Helms is a good one to pattern after as gifts of this character are very acceptable and help wonderfully to beautify public places.

New Hunting Licenses
Hereafter all hunting licenses are to be made of tough manila paper instead of the thin paper now in use. It was intended to have them made of cloth, but it was found that this would be too expensive. The coupons attached to the licenses will contain brass eyelets so that they can be easily fastened to shipments of game. The state game warden has just received a new stamp for license tags for fishermen's stills. These tags are made of aluminum and are about the size of a silver quarter. The number, date and purpose of the license are stamped on each tag. A fisherman must have one of these tags for every 300 feet of seine he uses. The price of these tags is 25 cents apiece. This is in addition to the regular fee of \$1 for the license to use seines.

Uncle Dick's Reflections.
Last week stories were flying about to the effect that offers of compromise had been made to Gov. LaFollette by "Cully" Adams on his return from Washington, and also that a move was on foot to patch up a deal by which all the state officers should be candidates for renomination, and help each other. I have the assurances of some intimate friends of Mr. Adams to the effect that there is no truth whatever in the stories about him being engaged on any patchwork at present, while Secretary of State Froelich gave me his personal word that there was nothing to the story that the state officers were seeking another nomination. This information ought to set those stories at rest, but it does not shed any light on the vexed question of who is going to be Mr. Adams' successor. If the governor is looking for the good of the service, he could best settle the matter by promoting State Chemist Mitchell, but if he is working for his own immediate personal advantage, he perhaps has some man in his eye who is more of a politician. Either way, the office has been practically vacant for a month since Mr. Adams resigned, to leave when his successor should be appointed. He naturally has work of his own to attend to, or he would not have quit the old job.

Mrs. A. C. Swift was called to St. Louis last evening by the dangerous illness of her brother.

MILWAUKEE ROAD TO ENLARGE SHOPS

Nearly a Million Dollars Will Be Spent in Improving the Great Plant at West Milwaukee.

The sum of \$500,000 is to be expended at once in enlarging the shops of the Chicago, Milwaukee and St. Paul Railway company in the Menomonee valley. The money was voted at a meeting of the Milwaukee road directors last Thursday in New York city, and will be expended during the next two years. The work will be begun as soon as practicable and many needed improvements will be added to the shops.

The action of the directors in voting the money is due to the rapid growth in the business of the road, which makes it necessary that the shops be enlarged. As the directors of the road have always had a most friendly feeling toward Milwaukee, they were glad to take a step that will make the shops here by all odds the most extensive that the road possesses. Several large shops will be erected, others will be enlarged and there will be extensive additions to the machinery.

It is understood that the shops will, when finished, give employment to 3,000 or 3,500 men. The largest number employed there in the past was about 2,500, so that the improvement means employment for from 500 to 1,000 new artisans in Milwaukee. It is said to be the intention of the road to build its freight cars there, in addition to the repairs that have been made there in the past.

It is also reported that the directors of the road decided at the New York meeting to make J. N. Barr general superintendent of the road. In that capacity he would have supervision over the improvements to be made at the West Milwaukee shops. As he was for years superintendent of motive power there his familiarity with the needs of the plant will be of great advantage to him in the work. Mr. Barr, it is said, will enter upon his duties as general superintendent within the next thirty days and perhaps by May 15. He is at present connected with the Erie road.

Special Train to Fond Du Lac by C. & N. W. R. R.

On Sunday, May 4th the C. & N. W. Railway will run a special train to Fond du Lac account of Knights of Columbus. Train leaves Janesville at 9 a. m. Fare \$2.60.

Miss Emma Zahn left this noon for her home in Watertown.

An Honest Tired Feeling

There is an "honest tired feeling," caused by necessary toil and cured by natural rest.

But very different is "that tired feeling," from which so many complain and which may even be classed as a disease.

That tired feeling takes you to bed tired and wakes you up tired. You have no appetite, have bilious taste, dull headache, are nervous and irritable, blue, weak and discouraged.

In such conditions Hood's Sarsaparilla does a world of good.

It begins in the right place—in the blood, purifying it and imparting vitality, then its tonic effect is felt by the stomach, kidneys and liver; appetite comes back, all waste is removed naturally, headaches cease, that tired feeling departs and you feel like a new person.

This has been the experience of thousands.

It will be yours if you take

Nasal CATARRH

In all its stages there should be cleanliness.
Ely's Cream Balm cleanses, soothes and breaks the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail.

ROSE COGHAN

"Forget Me Not," with Miss Rose Coghlan as Stephanie de Mohrivan, should prove a strong attraction at the Myers Grand on Friday, May 16, when this famous play receives its first presentation here with a cast of players who have supported Miss Coghlan in many of her New York productions. The play is strongly dramatic but never descends to the cheap trickery of melodrama even in the greatest of its scenes, which strips a mercenary adventurer of

a position in society which she has held by means of intrigue, blackmail and effrontery with an ever present insouciance and wily manner to disarm a coterie of enemies plotting her downfall. Unquestionably, Rose Coghlan is the best qualified woman to enact such a part on the American stage today by reason of her magnificent stage presence, elaborate costuming and the talent which has placed her in the forefront of American actresses.

ALL WRONG!

The Mistake Is Made By Many Janesville Citizens.

Don't mistake the cause of backache.

To be cured you must know the cause.

It is wrong to imagine relief is cure.

Backache is kidney ache.

You must cure the kidneys.

A Janesville resident tells you how it can be done:

Mrs. S. L. Belden, of 64 S. River St. says: "During two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work, and if I did any lifting my bladder became affected, causing me considerable annoyance, which seemed like congestion in the back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them but my daughter got a box at the People's Drug Co.'s store and persuaded me to use them. They took right hold and made a wonderful change in my condition. I hardly realized how bad I was until Doan's Kidney Pills brought me relief from the afflictions."

PAINE'S CELERY COMPOUND

Thousands of Physicians, Men and Women of Note and Position, and People in Humble Circumstances Say it is Unquestioned as a Spring Medicine.

A Prominent Business Man Saved from Nervous Prostration

It is true merit, and true merit alone, that Paine's Celery Compound has won its wondrous popularity in every part of the civilized world.

When all other medicines fail, when the best directed efforts of physicians accomplish but little for the banishing of desperate disease, Paine's Celery Compound saves life and restores health.

It is natural, therefore, that men and women saved from the perils and dangers of nervous troubles, rheumatism, neuralgia, and blood troubles, should acquaint their friends—the sick and well—of what was accomplished for them by Paine's Celery Compound. In this way glad tidings of prompt and effectual cures have been spread from day to day to the remotest towns and villages, and the blessed work of life saving progresses in every direction.

One of the most remarkable cures of recent years effected by Paine's Celery Compound, is the case of Mr. Wyan Nelson, President of the Nelson Grain Co., of Kansas City, Mo. With intense gratitude and thankfulness, Mr. Nelson writes as follows:

"I was nervous, despondent, irritable, had no appetite, could not sleep, and had night sweats. My physicians said I was threatened with nervous prostration, and advised a rest from business. However, on the recommendation of my partner, I commenced using Paine's Celery Compound, and today I am as sound as a dollar, eat well, sleep well, and am not at all nervous."

DRESS MAKERS

And All Women Who Work, either for their Living or for Society, are Subject to the Same Organic Troubles. How Many Are Cured.

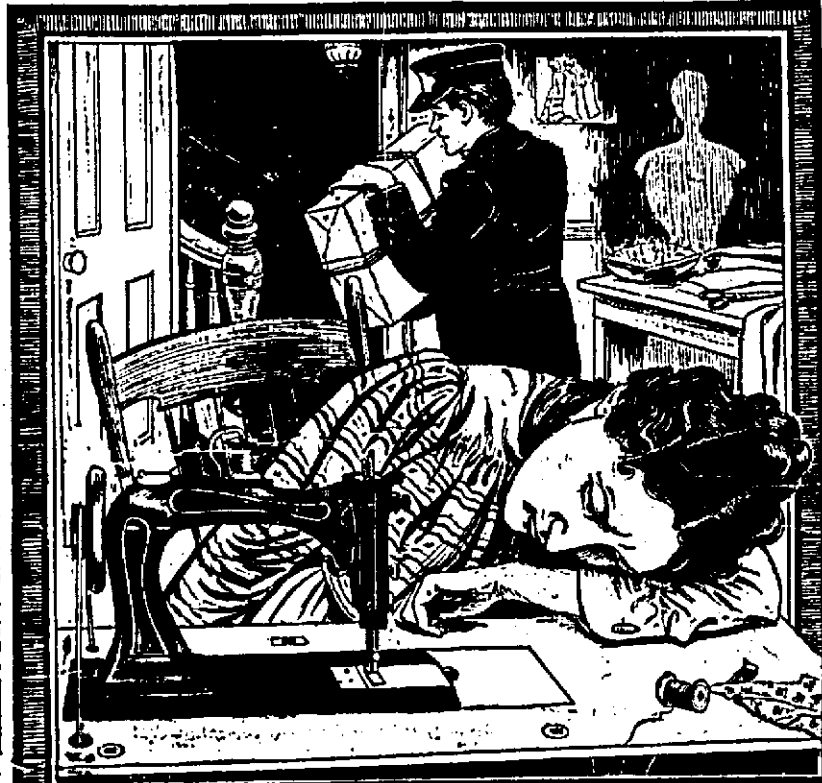

A gorgeous costume flashed beneath the brilliant lights of a ball room. The queen of society is radiant to-night.

The nervous hands of a weak woman have toiled day and night, the weary form and aching head have known no rest, for the dress had to be finished in time.

To that queen of society and her dressmaker we would say a word. One through lighthouse culture, luxury and social excitement, and the other through the toil of necessity, may some day find their ailments a common cause.

Nervous prostration, excitability, fainting spells, dizziness, sleeplessness, loss of appetite and strength, all indicate serious trouble, which has been promoted by an over-taxed system.

For the society queen and the dressmaker alike, there is nothing so reliable as Lydia E. Pinkham's Vegetable Compound to restore strength, vigor, and happiness.

Six Years' Suffering Cured.

"DEAR MRS. PINKHAM:—I suffered for six years, sometimes being unable to get about at all. It seemed to me as though I could not live, and I did not care to. I had womb trouble, kidney trouble, leucorrhoea, backache, was nervous and had no ambition to do anything or go anywhere. Was obliged to give up my trade of sewing. I tried three doctors but they did me no good. Seeing your advertisement I thought I would try your medicine. I felt better after the first bottle, and by the time I had taken six I was able to resume my work again. I shall always praise Lydia E. Pinkham's Vegetable Compound."—Mrs. MARY A. RUSSELL, Chincoteague Island, Va. (Dec. 13, 1900.)

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. No man will see your letter. She can surely help you, for no person in America has such a wide experience in treating female ills as she has had. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

Mrs. Lizzie Anderson, 49 Union St., Salem, N.J.

"DEAR MRS. PINKHAM:—I feel it my duty to write and tell you how grateful I am to you for what your medicine has done for me. At one time I suffered everything a woman could. I had inflammation of the ovaries, falling of the womb, and leucorrhoea. At times could not hold a needle to sew. The first dose of your Vegetable Compound helped me so much that I kept on using it. I have now taken six bottles, and am well and able to do my work. I also ride a wheel and feel no bad effects from it. I am thankful to the Giver of all good for giving you the wisdom of curing suffering women. I recommend your medicine to every woman troubled with any of these diseases."

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above mentioned letters are not genuine, or were published before obtaining the writer's special permission.

DRESS MAKERS

And All Women Who Work, either for their Living or for Society, are Subject to the Same Organic Troubles. How Many Are Cured.

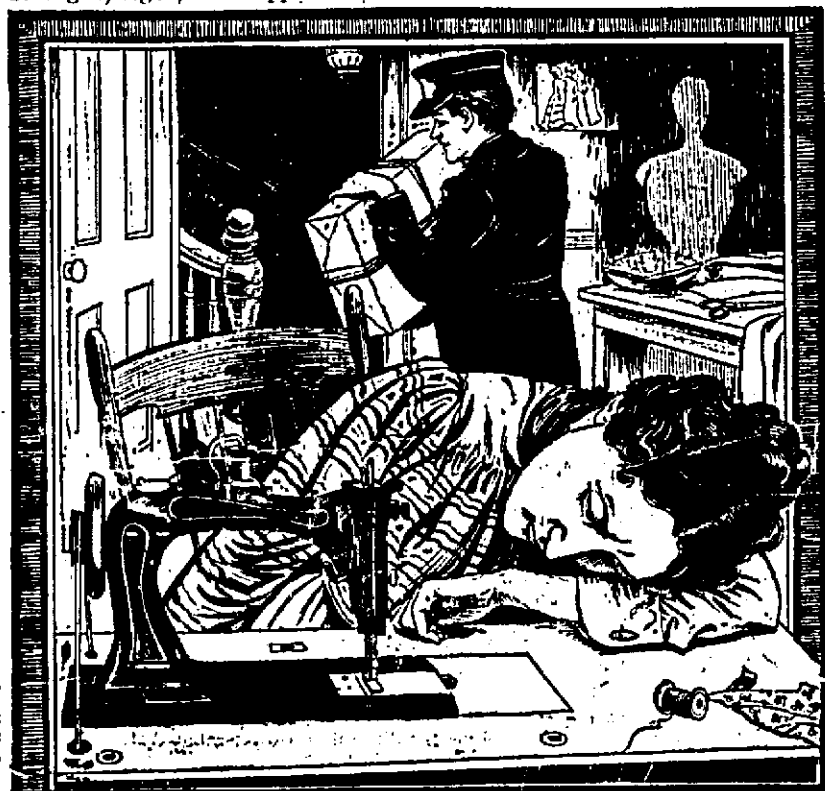

A gorgeous costume flashed beneath the brilliant lights of a ball room. The queen of society is radiant to-night.

The nervous hands of a weak woman have toiled day and night, the weary form and aching head have known no rest, for the dress had to be finished in time.

To that queen of society and her dressmaker we would say a word. One through lighthouse culture, luxury and social excitement, and the other through the toll of necessity, may some day find their ailments a common cause.

Nervous prostration, excitability, fainting spells, dizziness, sleeplessness, loss of appetite and strength, all indicate serious trouble, which has been promoted by an over-taxed system.

For the society queen and the dressmaker alike, there is nothing so reliable as Lydia E. Pinkham's Vegetable Compound to restore strength, vigor, and happiness.

Six Years' Suffering Cured.

"DEAR MRS. PINKHAM:—I suffered for six years, sometimes being unable to get about at all. It seemed to me as though I could not live, and I did not care to. I had womb trouble, kidney trouble, leucorrhoea, backache, was nervous and had no ambition to do anything or go anywhere. Was obliged to give up my trade of sewing. I tried three doctors but they did me no good. Seeing your advertisement I thought I would try your medicine. I felt better after the first bottle, and by the time I had taken six I was able to resume my work again. I shall always praise Lydia E. Pinkham's Vegetable Compound."—Mrs. MAUR A. RUSSELL, Chincoteague Island, Va. (Dec. 14, 1900.)

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. No man will see your letter. She can surely help you, for no person in America has such a wide experience in treating female ills as she has had. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

Mrs. Lizzie Anderson, 49 Union St., Salem, N.J.

"DEAR MRS. PINKHAM:—I feel it my duty to write and tell you how grateful I am to you for what your medicine has done for me. At one time I suffered everything a woman could. I had inflammation of the ovaries, falling of the womb, and leucorrhoea. At times could not hold a needle to sew. The first dose of your Vegetable Compound helped me so much that I kept on using it. I have now taken six bottles, and am well and able to do my work. I also ride a wheel and feel no bad effects from it. I am thankful to the Giver of all good for giving you the wisdom of curing suffering women. I recommend your medicine to every woman troubled with any of these diseases."

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

COMMOTION IN BEEF IS NOT FELT HERE

Prices in Meats Some Higher, Owing to Scarcity of Fat Cattle—Restaurants Have Not Raised Price.

The high prices of meats and the alleged meat trust of Chicago and other points have cut but little figure in Janesville in a general way. To be sure all kinds of meat are higher but this is thought to be the result of the scarcity of good cattle for slaughter, rather than anything the so-called meat trust has done.

Janesville butchers complain of a scarcity of good cattle fit for slaughter in this county and state that the farmers will not feed 60 cent corn and \$15 hay to fatten beef cattle. The farmers of Rock county hold hundreds of head of cattle that are too poor for the market.

And further, there is a fairly good supply of hogs on the farms that will be available just as soon as new feed comes.

Several of the Janesville butchers say that as soon as good pastures come, there will be a good supply of beef cattle ready for the market in a few weeks and they will be independent. Janesville butchers attribute the high prices to a shortage of good beef cattle, rather than any manipulation of the supply by any combination of large packers.

The immediate effects of the high prices are a decrease in the consumption of meat of all kinds, but the decrease has not reached any alarming stage as yet.

The Janesville restaurant keepers have made no change in prices of meat orders and do not contemplate any such change. While the prices of meats have been soaring skyward, the only change in the meat orders is that the amount served in some restaurants is smaller than a year ago.

Meat sandwiches of all kinds remain at the same prices as a year ago in all restaurants and at the eating houses at the depots.

Many keepers of restaurants and butcher shops are inclined to the belief that prices have reached the high water mark and will gradually decline after a short time.

Beautiful Woodbine Cottage
Many will remember the cottage at the end of the electric car line near the cemetery. The above picture shows what can be done by improving a place. An addition has been built, trees and vines set out. A large porch running across the en-

the front of the house affords a good resting place. A bicycle rack and pump will attract wheelers, as it is just a pleasant trip. Woodbine Cottage will be a favorite resort this summer for ice cream parties, as the addition has been fitted up and is as airy and neat a place as you can find for a sh of ice cream as well as of great convenience to those waiting for the electric cars.

An Actor Injured
The Daily Bulletin of Bloomington, Ill., has the following of Warren Crossman, who is a son of B. P. Crossman of this city.

"Warren Crossman, an actor with the Ferris Comedians, playing a week's engagement at the Grand Opera house, suffered a severe injury. He ran into a projecting rail while walking through the basement dressing rooms in the darkness and tore the flesh under his eye open. He was taken to St. Joseph's hospital, where three stitches were taken to close the wound. Mr. Crossman will take his part as usual in the performance tonight."

Horse Market Today
This morning dozens of farmers from all parts of the county, who had horses for sale arrived in this city and centered at Tarrant & Kemmer's barn, where the Levy Bros., horse buyers of Chicago, were on hand to purchase such specimens of horse flesh as suited them.

They were in the market for nearly every kind of a horse and made over a dozen purchases, paying all the way from \$10 to \$100. Prices ranged considerably higher than a year ago. The same parties will be in Janesville again in about three weeks.

A four year old child of Mr. and Mrs. Bostwick, of 206 N. Bluff street fell into a barrel of water yesterday afternoon and came near drowning. He was discovered before he was dead but it took an hour's hard work on the part of Dr. Q. O. Sutherland to resuscitate him and got him out of danger.

Mrs. Day's physical training classes will present a program of unusual interest at the Opera House, May 12. Statute poses, pantomimes, Eastern temple ceremonials, will be interspersed with dramatic readings, fine music and costume drills. That physical culture is not a fad was demonstrated by the class last year. Now they are prepared to execute much more artistic work.

A. N. Jones returned last evening from Eau Claire, where he purchased a carload of bundle tobacco of the growth of 1901. Al says that there was considerable tobacco grown in that section last year and there having been more rain last year in that section the tobacco is larger and more desirable than that grown in this county.

The game of baseball yesterday afternoon between the high school team and a team composed of the doctors, lawyers and dentists, resulted in a victory for the high school team by a score of 8 to 4. There were many exciting plays on both sides.

WILL SOON ISSUE REVISED CHARTER

The New Book Contains All the Provisions of the Revised Charter Law Up to April, 1902.

City Attorney F. C. Burpee has just completed and will soon have ready for distribution copies of the revised charter of the City of Janesville. The new book includes all the provisions of the general charter law adopted up to April 1, 1902, together with the rules of order of the common council, together with the library and police and fire commission acts.

It also contains a list of the officers of the city from its incorporation, on March 19, 1853. All the sections are annotated and show where sections have been amended and also refers to city cases coming under any section that have been passed upon by the supreme court and amended by the general statutes.

The standing committees of the council for 1902 are also given.

The appendix which has been added to the book gives all the statutes relating to the government of the library board. The new index gives each of the sections of any act. The book contains 224 pages and is the outcome of almost 4 years' work on the part of City Attorney Burpee and is a credit to him and the city.

The old charter was in such shape that it was almost impossible to find anything it had been amended so often. The first charter was granted many years ago and adopted in 1852. It was revised by Joseph B. Doe in 1891 and since that time there has been so many changes it was necessary for a new revision. The new book will be a great benefit to the city officers and the public. City Attorney Burpee certainly is entitled to credit for the manner in which the book has been gotten up.

COMPETITION FOR TEAM POSITIONS

Tuesday, May 13, the Play for the Season Will Begin on Sissippi Golf Grounds.

The handicap and games committee of the Sissippi Golf club have set out on Tuesday, May 13, as the day for competition for position on the team. It will be medal play, eighteen consecutive holes. The sixteen lowest scores will constitute the first team and the next sixteen the second team. During the summer individual matches will be played by the members for position on the two teams. No member of the team can be forced to play more than one match during the week for position. He however, has the option of playing as many games as he pleases, providing the man ahead of him has no objections.

Tuesday will also be the opening night of the season for the club supper. The house committee will have charge of the supper and the entertainment of the members. They hope to make these suppers as popular this summer as they have been in the past, and all members of the Golf and Country club are invited to attend.

The handicap and games committee have not yet arranged the events for the season for the reason that they have not yet heard from a number of clubs that have been written to for dates. Letters have been received from Rockford and Madison stating that they would be pleased to have a game with the Sissippi team this summer. The exact date for the matches have not been fixed. As soon as these are settled the schedule for the summer's events will be announced.

Mary and the Meat Trust.
Mary had a little lamb—
With mint sauce on the side;
When Mary saw the meat trust's bill,
It shocked her so she cried:

Mary had a little veal—
A cutlet nicely broiled,
Her papa for that veal to pay,
At morning sorely tolled.

Mary had a little steak—
A porterhouse, quite small,
And when the bill came in, she sighed,
"No dress for me, next fall."

Mary had a little roast—
As juicy as could be,
And Mary's papa simply went
Right into bankruptcy.

Mary isn't eating meat;
She has a better plan;
She vows it's lady like to be
A vegetarian.

FACTS WORTH KNOWING

Just What is Necessary To Become a Reliable Optician

In order to become a reliable optician it is not only necessary to understand the refractive condition of the eye but one must also be well-informed on the mechanical part. The proper adjustment of the frames is nearly or quite as essential as that of the lenses. Also in order to be able to know just what combination of the lenses when transposed from the findings that are got from the trial lenses is another one of vital importance.

W. F. Hayes, the eye specialist at F. C. Cook & Co's, having had years of experience in the delicate practice of the optical profession and being a graduate of three of the best optical colleges of this country and who is also an expert mechanic, and has had a large experience in the manufacture of optical goods, places him second to no one when it comes to the proper adjustment of spectacles and eye glasses.

Mr. Hayes can be consulted in his Janesville office every Saturday and Monday.

FRANCIS MURPHY WRITES TO MILLS

Tells of His Meeting with Mr. and Mrs. O. H. Brand—Remembers His Janesville Friends Kindly.

The following letter was received by Dr. James Mills from Francis Murphy, who is now in California, doing the same good work that he did in this city. His many warm friends and converts here will be pleased to know that Mr. Murphy is in good health and is still interested in the league in this city:

My Dear Beloved Dr. Mills: Your delightful letter received and read with sincere and grateful pleasure. God bless you and all our dear friends in Janesville. I have lived over again the happy days when we worked together for Gospel Temperance and how our blessed master did bless us. Again I say God bless you and all the dear boys who were so kind and loving to me.

I am well and in good heart and God is abundantly blessing me. Now I have news for you, our beloved Mr. and Mrs. Brand are out in this sunny land and honors me with a call. How glad I was to greet them. I did not know them for a moment, soon it came to me, Janesville. We did have a most delightful visit, our good brother Brand has not been well, he is improving right on. His wife is well and the same genial, charming, gifted woman. I received a copy of our good friend, no Gazette, with her letter, giving account of our meeting. It is delightful reading, none could write it better.

She told me the good news of the steadfast loyalty of the noble men who signed the pledge. It renewed my youth. If any have been led astray, will go after them again, will be patient and loving with your brothers. Our dear Lord has been patient with us, we will not yield to impatience in His service.

My wife joins me in loving remembrance to you my beloved brother and to your dear wife and loved ones, also our dear ministers and all the dear blessed men. God be with you all. Yours in heart, FRANCIS MURPHY.

5 PER CENT. GOLD BONDS

SOLD ON INSTALLMENTS

A New order issued by

The Metropolitan Life.

OF NEW YORK.

One of the Largest Life Insurance Companies in the United States. Practically As Strong As the Government.

You would like to buy 5 per cent. Government Bonds and pay for them in ten, fifteen or twenty installments. Would you not? The Government does not issue 5 per cent. Bonds, nor can you buy its bonds on installments.

You can Purchase Metropolitan Bonds in that way and 5 per cent Bonds at that.

Again, in the event of your death at any time before you had completed these installments, even if ONE ANNUAL INSTALLMENT ONLY had been paid, the Bonds being assured by the Metropolitan Life would immediately be turned over to your estate and ALL UNPAID INSTALLMENTS CANCELLED.

The Metropolitan Life guarantees every \$1,000 Bond to be worth \$2,000 at time of maturity, ten, fifteen or twenty years. The coupons on the bonds are payable in GOLD, semi-annually, at the rate of 5 per cent. for twenty years, after which the bonds mature and be paid in GOLD. At the end of this time when desired, the Bonds can be computed for cash. The Bonds have cash and loan values. Interest at 5 per cent. and become automatically paid up. The Metropolitan wrote \$380,000,000.00 of new insurance last year, at the rate of over \$1,000,000.00 per day. For subscription blanks or further information apply to

DEFECT IN THE STEVENS BILL

Continued From Page 1.

blank spaces as their are persons to be elected to such office, in which the voter may insert the name of any person not printed on the ballot for whom he desires to vote as a candidate for such office."

Under the Cooper Law, the voter was required to make a cross after the name of each candidate on the ballot for whom he voted, or to write in the blank space provided the name of a person of his own selection. This was the Australian Ballot as nearly as it could be adapted to our political usages.

The Cooper Law of 1889 provided also for the arrangement of the polling place and the conduct of the election, substantially in the manner now followed at our general elections, and patterned after the Australian system.

A single election was all that the people of this state would permit to be held under this law. They could not manage the ballot. It was said to disfranchise electors. Chapter 379 of the Laws of 1891 was enacted. It provided a ballot, generally speaking, the same as we now have it. The voter was no longer required to make a mark after each name, but he was afforded the option either of voting a straight party ticket by making a single mark under the party designation at the top of the ballot, or of voting in the Australian way, for any name on the ticket that he might select.

Many minor changes have been made in the ballot by different legislatures, but no attempt to return to the Australian system by the Cooper Law, have been successful. The general plan of conducting the election and the general arrangements in and about the voting place, as they were established by the Cooper Law, have been continued. Our general election law is satisfactory. It will give way only to something better. The saving merit in our official ballot is that the voter may cast a secret ballot. All the names of all the candidates on all the party tickets are spread out before him on the official ballot in a secluded place, and he may select the whole ticket of one party, or the name of one candidate for any office from any of the tickets presented to him, or he may write thereon, from top to bottom, the names of persons of his own selection.

It is true that the party ballot, taken alone, followed the Australian ballot. In that the names were printed in the order under the official designation, and that the voter might indicate his choice by making a cross after any name printed, or write the name of another person of his own selection in the blank space provided therefore; but the limitation, to a party ballot, by the declaration of a party affiliation, interfered with the secrecy of the ballot, and took away the main advantage in the Australian Ballot.

A primary election has been decided by the courts to be an election. Voting by ballot at an election, under our constitution, means casting a secret vote, and at no election, primary or general, can the legislature deprive an elector of this Constitutional right to cast a secret ballot. The Australian ballot was introduced into our state by the Cooper Law for the express purpose of preventing espionage at elections, securing more fully the independence of the voters and of enforcing the secrecy of the ballot.

The Stevens Bill required a voter to declare openly the party whose ticket he intended to vote. Such a declaration made the voter a partisan in spite of his sovereign right of choice. Our constitution permits an elector voluntarily to be a partisan; it does not require him to declare that he is a partisan in order that he may cast his vote. The ballot provided in the Stevens bill, did not enforce secrecy. Therefore, it was not the Australian ballot—the ballot demanded in the platform.

The ballot provided in the Stevens Bill was not a secret ballot, therefore it was not a constitutional ballot.

Notwithstanding the assertion of his belief by the eminent spokesman for the bill whom I have quoted, that the Stevens Bill was properly drawn in all its details, and on his inability to find any defects in the bill, defects such as I have above pointed out were discovered by the Legislature as they considered the bill. It may have been that some of the phrases which I have quoted caught at first the ears of members, yet, when eyes and understandings were brought to bear upon the bill, its glaring departures from the official ballot, not to mention the Australian Ballot, or the ballot of the Cooper law, were clearly perceived, not only by the "enemies," but also by the friends of the bill, as will be shown by an examination of the Substitute bill introduced by the Assembly Committee on Privileges and Elections.

LABOR TROUBLES DECREASE TRADE

On the Other Hand, Weather Conditions Tend to Stimulate Business.

CEREAL PRICES HOLD UP WELL

Exports of Grain Continue to Be Larger Than the Port Receipts. Shipments of Wheat and Flour Aggregating 5,304, 155 Bushels for the Week.

New York, May 3.—Two large strikes, scheduled to commence on May 1, were averted, at least temporarily, and a number of smaller ones were settled, but many new controversies have begun. This labor factor is the only seriously unfavorable one in the industrial situation, exerting considerable influence over the volume of transactions, and also tending to unsettle confidence. In seasonable merchandise, especially dry goods and clothing, warmer weather has stimulated dealings, while outdoor work is prosecuted vigorously. Collections are more prompt as a rule, fewer extensions being asked. Shipments are less delayed by traffic congestion, and railway earnings, thus far reported for April, exceed last year's by 7.2 per cent. R. G. Dunn and Company thus sum up trade conditions in their weekly review.

The review continues: "Consumers of finished steel product are compelled to place orders subject to the convenience of manufacturers. An unprecedented amount of railway work is being done, while the erection of new buildings would be much more extensive if material were available. Pig iron has worked up to a higher point, Bessemer commanding \$20 at Pittsburgh on deliveries within six months.

"A better volume of orders taken by New England shoeshops is one of the encouraging signs of the week. "Cereal prices have been less inflated by speculation than they were last week, yet a high level was maintained and only slight reactions occurred. The general tenor of crop news was much more encouraging, aside from Kansas dispatches, which indicate that wheat needs moisture, although corn and oats have good prospects.

Good foreign crop conditions were calculated to weaken the tone, yet exports of wheat from the United States, flour included, amounted to 5,679,037 bushels, against 4,132,357 a year ago. Recent attractive prices have brought corn to market more freely than in preceding weeks, but receipts of 1,685,050 bushels for the week fall short of the 2,278,564 in the same week last year. The comparison as to Atlantic exports is still more striking, only 154,704 bushels going out during the week, against 2,560,211 a year ago. Failures in the United States this week were 225, against 212 last week, 261 the preceding week and 226 the corresponding week last year, and in Canada seventeen, against eighteen last week, twenty-four in the preceding week and twenty-four last year.

Helping Universal Franchise Fight. Christians, May 3.—The Norwegian trades unionists have begun a sympathetic agitation in favor of the Swedish for the universal franchise. The workmen expect that a general strike will be shortly begun in Sweden.

Heavenly Music
can be expressed in as clear, pure and melodious strains as from the sweet harp and lutes of the angels. And the glorious notes swelling from some of the charming and magnificent Pianos displayed at Nott's Music Store would deceive a cherub and lure him from his home to mix his voice in unison with its glorious strains. Examine our splendid stock and you cannot fail to be enchanted.
